BELAIR COLLECTION

Belair Collection

The NEW Casadesus Belair Collection is defined by the gently sloping arms. This is a trait that runs through the entire Belair Collection.

Formed with a welded steel frame, consistent with the complete Casadesus collection, the Belair offers a simple elegance with utmost comfort. As with all collections, the Belair is completely configurable to suit any space, thanks to the many seating elements and table options that combine seamlessly to provide understated elegance, comfort and above all exceptional quality.

The Belair is available in an incredible choice of fabrics from many of Italy's top suppliers, along with a choice of leathers, ecopelle and is also available in COM or COL.

All Casadesus products are made exclusively in their own factory on the outskirts of Barcelona, Spain. The company makes all its own frames, cushions and covers which mean the absolute highest quality achievable.
