FLAVIO COLLECTION

Flavio Collection

The NEW Casadesus Flavio Collection is defined by the generous volume and thick arms. This is a trait that runs through the entire Flavio Collection.

Formed with a welded steel frame, consistent with the complete Casadesus collection, the Flavio collection offers a contemporary elegance with utmost comfort. As with all collections, the Flavio is completely configurable to suit any space, thanks to the many seating elements that combine seamlessly to provide understated elegance, comfort and above all exceptional quality.

The Flavio Collection is available in an incredible choice of fabrics from many of Italy's top suppliers, along with a choice of leathers, ecopelle and is also available in COM or COL.

All Casadesus products are made exclusively in their own factory on the outskirts of Barcelona, Spain. The company makes all its own frames, cushions and covers which mean the absolute highest quality achievable.
